

ANNUAL REPORT FOR fRISK ASSOCIATION FOR RISK STUDIES AT UiS

Introduction

fRISK is a student association for students at the master's in Risk Analysis at the University of Stavanger. Our purpose is to promote professional and social events. In addition, we are an association that will facilitate for students to express their opinions about the study program. We collaborate with the Faculty of Science and Technology and want to have a close dialogue with the faculty. We have various events during the academic year, both academic events such as seminars with organizations and individuals who work in the field of risk, and social events. fRISK is open to all students at the master's in Risk Analysis at UiS.

Board

fRISK's board October 2023-October 2024, elected by the annual meeting on October 25, 2023, consisted of the following people:
